

Having a hearing test

We want to see how well you can hear.

The audiologist will get you from the waiting room.

These are the audiologists:

Hannah
Roberta
Giampiero

Your appointment will take about 1 hour.

We will talk about your ears and hearing.

We will look inside your ears.

Hearing Test

We will put some headphones on your ears.

You will hear lots of beeps and whistles.

Press the button or put a brick in the box when you hear the sound.

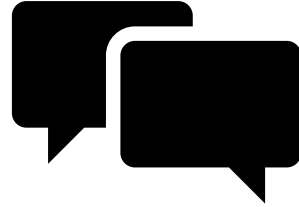

Listen very carefully
Tell us even if the sound is very quiet.

--	--

We will talk about the test afterwards and decide what to do next.
